Case No. 17-CIV-121-KEW

FINAL PLAN OF ALLOCATION AND DISTRIBUTION ORDER

This Final Plan of Allocation and Distribution sets forth the manner in which the Net Settlement Amount will be administered and distributed to Class Members. The Net Settlement Amount for Distribution will be allocated to each Class Member based on the factors and considerations set forth herein.

I. Plan of Allocation

The Net Settlement Amount for Distribution will be allocated among individual Class Members based primarily upon the payments occurring longer than 60 days after the date of sale of the oil and gas production and interest rates under the Oklahoma Production Revenue Standards Act. Pursuant to the Settlement Agreement, the Plan of Allocation reduces the amount available for distribution for Class Counsel's Fees and Expenses and Administration, Notice, and Distribution Costs, which amounts will ultimately be determined by the Court at the Final Hearing.

The Settlement Administrator will utilize royalty owner records and, to the extent available, computer databases to attempt to identify Class Members and payments occurring longer than 60 days after the date of sale of the oil and gas production to prepare and administer this Final Plan of Allocation and Distribution.

II. Time for Allocation and Distribution

The allocation and distribution of the Net Settlement Amount for distribution shall be under the direct supervision of the Court and shall be consistent with the Final Plan of Allocation submitted by Class Counsel as Exhibit 3 to the Memorandum in Support of Class Representative's Motion for Final Approval of Class Action Settlement. Furthermore, the timing, manner and process for any distributions shall be consistent with the timing and process provided for in the Settlement Agreement, including in Article VIII of the Settlement Agreement, which is incorporated herein by reference.
