

McNeill v. Citation Oil Gas Corp.

Initial Plan of Allocation

This Initial Plan of Allocation sets forth the manner in which the Net Settlement Amount will be administered and distributed. The allocation is generally based upon payments occurring longer than 60 days after the date of sale of the oil and gas production and interest rates under the Oklahoma Production Revenue Standards Act. Pursuant to the Settlement Agreement, this Initial Plan of Allocation further assumes a 45% reduction for Class Counsel's Fees and Expenses and Administration, Notice, and Distribution Costs, which amounts will ultimately be determined by the Court at the Final Hearing.

The numbers listed below correspond to your Citation royalty owner number(s). To search for your royalty owner number(s), press "Ctrl+F," type each royalty owner number into the search window, and hit "Enter." If the number is listed, your PDF viewer will take you to the location where that number appears. If your owner number is not listed below with an associated amount, your account was determined not to have a payment outside the 60 day timeline used as the basis for the settlement or the amount calculated was less than \$0.01 and you have not been allocated a share of the Net Settlement Fund.
